Full HD LED Monitor

The 1920 x 1080 resolution of this LED monitor delivers excellent detail, making it perfect for advanced HD multimedia and productivity applications. LED monitors also consume less power and last longer than those with CCFL back lighting. In addition, this monitor is mercury-free, making it safer for you and the environment.

ComfyView

Clientronix ComfyView monitors reflect less ambient light to deliver vivid colors, reduced glare and more comfortable viewing, even over prolonged periods.
